

Tidbits about the Association

Bishop Greco, Community and Youth Programs

In years past, many Auxiliaries made monetary donations to the Bishop Greco, Community and Youth Committees to help fund the Awards at the Installation/Awards Banquet. The funds generated by the Bake Taste and Sport activities along with the raffle tables help to fund these projects. If your auxiliary is able to donate a monetary amount or an item for the raffle table, it would be greatly appreciated by the Chairladies of those committees. Thank You!

Raffle Tables

When donating items or hosting a raffle table, please remember these etiquette guidelines.

- Raffle Table Items should be new and not used.
- Raffle table Items should reflect Catholic beliefs. We must be mindful this is a Catholic Faith based organization made up of ladies with that set of beliefs. While everyone has their individual views on societal/political issues, our organization is here for the Glory and good works of God.
- Our Raffle tables are now limited to 10 items. While all raffle item donations are greatly appreciated, all raffle item donations may not get raffled at the meeting it is donated. As the committee Chairladies must limit it to 10, they may have to hold an item until the next meeting for that reason. They do make every effort to include an item that is brought that day.

DMAs

The DMA over your area is there to support you. If you have any questions, please contact them. They are very knowledgeable and will work to get an answer to any of your questions. They are also there to conduct the Installation of your new (or reelected) officers. Please let them know dates for your Installation. If they have a conflict, they will work with the other DMAs and the Officers to find someone that is able to support your Installation date.

Auxiliary Presidents

Presidents are expected to share information obtained from the meeting/packet with their respective Auxiliaries. Please make sure that all members know they are welcome to attend any Auxiliary event. These are not just for the Presidents and delegates. While we appreciate that some Auxiliaries prefer to focus on their efforts on their local Council & Community, there are ways to participate and share your activities and accomplishments. Even those not attending a state meeting can still submit Auxiliary of the Quarter/Year Forms, nominate someone for Vocations & Youth awards and share your activities on the Louisiana Ladies Auxiliary Association Facebook page. Seeing great projects on how an Auxiliary helps their Council and their community is an awesome way to share ideas.
